

---

Welcome to the first session of the course. This class is designed to help everyone settle in, get familiar with the materials, and enjoy painting together in a relaxed atmosphere. We will work from a simple demonstration image so that everyone has the chance to explore painting seascapes in watercolour, regardless of experience. At the start of the session there will be a short demonstration covering colour mixing, brush choices, and the basic materials we will use throughout the classes. Complete beginners are very welcome, as well as those with more painting experience.
